

One of the most important moments in the life of a person is the birth of their child, and since the time we receive the news we start to prepare for the arrival of somebody that will totally change our lives.

In such a wonderful process, one of the most important decisions we must make is: how will we name him/her?

It is a momentous decision, and a big responsibility, since it will mark the child for the rest of his/her life, and someday they will ask us about our choice.

There are many factors involved: Our own wishes, family tradition, the search of something original. Whatever the reason it may be, is not always an easy task, because most of the time, the choice must be agreed by both parents, and in many occasions other family members will voice their own opinions: Grandparents, sons, uncles, friends, etc...

That's why we offer you a huge variety of **names for boys and girls, their origins and meanings**, **name day**.
